

## HARD GAME WON BY GODDARD

Defeated Second Team of Norwich University, 13 to 6

## GAME WAS ROUGH AT CERTAIN TIMES

Visitors Were Heavier but Goddard Excelled in Team Play

Spectacular end runs by Smith and Lavoie and a clever display of footwork and dodging which incidentally revealed the cadets' propensity for crumbling defensive work in the squeezes were largely responsible for Goddard's victory over Norwich University seconds at the seminary campus Monday afternoon. The score was 13 to 6 and the deciding touchdown came in the fourth period. Norwich sent over a team that was altogether worthy of Goddard's best mettle, but lamentable lapses of judgment discounted some of the really finished work which the collegians uncovered at times. Also, a touchdown for Goddard in the first three minutes of play had a demoralizing effect on the invaders and the somewhat temporary quietus was revived in the second period when Vitty, recovering the ball after Tryon, the seminary quarterback, had received a punt, started toward the Norwich goal line when the Goddard line was much easier of access. It was another lapse, if only a mental lapse, and even though it was followed by a Norwich touchdown, Vitty's peculiar hiatus was not forgotten.

Goddard has made several strides in the right direction since it met defeat before Middlebury college seconds a fortnight ago. To be sure, its defensive is still weak, but the team possesses real offensive power in Lavoie, Smith and Haskett. Tryon is developing qualities of generalship and Soule is a far better center than he was in the early days of the season. Vitty, despite his unexpected reversal in the second period, is a back of genuine calibre and Hooker, Bixby, Tomlin and Whitney look especially good in action. The seconds were not the cohesive unit that Coaches Hoernle and Kinney have whipped into form and they showed that practice together had not been theirs all season. Lavoie remains the heaviest ground gainer, although Smith and Haskett were unusually strong and the fact that the backs were better divided among the backs than in the first game indicates that the coaches are determined that Goddard's shall not be a one-man team.

Tomlin kicked to Tryon in the opener and with Smith and Lavoie alternating in the rushes, the hill-toppers made interesting capital of Tryon's clever work in running the ball back. It was Smith who ploughed through for the first touchdown, although Lavoie was not equal to the occasion when it came to kicking the goal from a rather difficult angle. On the kick-off Goddard allowed Norwich to gain the middle of the field before holding for downs. Tryon made a nifty catch of Tomlin's punt, only to drop the ball. Vitty recovered and to the amazement of the spectators, started running toward his own goal line. He realized his mistake when it was too late, but the blunder only served to postpone a

## DON'T NEGLECT KIDNEYS

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice, and it is sure to benefit you. Get a bottle from your druggist.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Daily Times.—Adv.

## CHARACTER IN MEDICINE

Formula, Merit, Record, Results

From their fine outward appearance, through the various elements of strength that go to make up the standing of a remedy, including the final and absolute test—does it "make good"?—does it cure?—Hood's Sarsaparilla and Pepsin Pills conclusively prove every day that they are medicines of the highest character.

For scrofula, eczema, humors, boils, pimples, and other eruptions—for loss of appetite, indigestion and dyspepsia—for kidney and liver troubles—for loss of appetite, that tired feeling and weakness after the grip or any blood-poisoning, prostrating disease—for brain-fag, nerve exhaustion, anemia and poor, thin blood—Hood's Sarsaparilla and Pepsin Pills make the ideal course of medicine. Why not get a supply to-day? 200 doses \$2.—Adv.

Norwich touchdown. Vitty and Tomlin executed a nice forward pass and in three rushes Tomlin went over for a touchdown. Vitty failed to negotiate the bar when it came to the try for goal.

On the return, Tomlin kicked to Tryon and Goddard made its downs twice, only to call on Lavoie for one of his sure-footed punts. Goddard got the ball on a fumble, but Norwich recovered on a block punt. Lavoie kicked to Marsh at the beginning of the half and sterling work by Hooker and Bixby enabled the collegians to make their downs twice. Tomlin failed by yards to drop kick a goal and the ball went to Goddard on its 20-yard line. For a few moments Lavoie and Tomlin sought to outpace each other, plunging being resumed with the ball in Goddard hands. Lavoie punted just as the whistle sounded for the end of the third period. Gains through tackle and goal by Lavoie and Haskett, paved the way for Goddard's winning touchdown. Lavoie going through center and by dint of much dodging scoring from the 24-yard line. Capt. MacIntosh, who made his debut after a month of inaction due to a fractured collar bone, showed that the art of kicking is not lost at Goddard, by neatly sending the leather over for point No. 13.

Much of the time in the fourth period the ball saw-sawed back and forth near the middle of the field. Smith spoiled a forward pass that looked like a big ground gainer for Norwich, although Vitty and Tomlin followed up with a line pass that netted six yards. Norwich gained its downs but lost to Goddard on a free fumble just as the whistle announced the final.

## Touchdowns.

Goddard has Saturday games scheduled for the remainder of the season. St. Peter's A. C. of Rutland is the week-end fixture.

When it comes to the hair-line points of the game a large number of would-be authorities must look to Coach Hoernle. In the capacity of referee he was right and Linesman Kibby was essentially wrong when it came to a question of methods in measuring distance.

Kibby was conscientious in his ruling, but the complexion of the expert opinions rendered was so puzzling that both captains left the matter to chance. Goddard won the toss.

Lavoie is slated for Tufts in 1917. Neale Hooker is a wheel horse for work and his handling of the ball was something of a revelation. Hooker got his early grilling training at Spaulding. Potentially, Norwich seconds appears to have a team that is quite as strong as the Middlebury runners-up. They need developing and lots of it.

Coach "Hurry Up" Brown and his Spaulding warriors cut practice short to give the contending teams the up and down.

In St. Johnsbury academy next Saturday Spaulding is facing one of its easiest opponents, although St. J. may spring a new defense.

Coach Will T. Maiden's good points and shortcomings as a football mentor formed the subject for a spirited debate along the sidelines, two 324 degree fans participating in the argument.

Judging by the appearance of the second squad, Norwich varsity must be an improvement over the 1915 team.

Conditions during the game with respect to policing were much better than a fortnight ago, when lack of foresight accounted for the absence of the police. The kids had the sidelines to themselves and that was about all.

Backfielder Bixby is a Chelsea product and a comer, according to Norwich enthusiasts.

Capt. MacIntosh having recovered from a fractured collar bone was a welcome acquisition to Goddard's ranks.

## CONFIRM PROTEST ON AMERICAN-BUILT LINE

No Inquiry By Lansing Unless International Corporation Asks For Protection in China.

Washington, Oct. 17.—Japanese and Russian protests to China against concessions made to the American international corporation for railway construction in China, were confirmed officially at the Chinese legation here yesterday but no details have been received.

No report has been received by the state department on the subject, and no inquiry is expected to be made unless the American corporation appeals to the government for protection of treaty rights of equal commercial opportunity in China. Such a contingency is not expected for some time.

Minister Koo called on Secretary Lansing yesterday but denied that he had mentioned the subject.

## Worth Knowing.

Women are liable to ailments which cause constant ill health and on which they may consult doctors without much relief. It is well worth knowing that all they can get at the nearest drug store a simple medicine, made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound.—Adv.

## SAYS FARMERS ARE IGNORED

Hughes Tells Nebraska Audience Their Interests Were Not Represented

## PRESENTED LETTER FROM TEXAS FARMER

Asking for Chance to Submit Data in Adamson Bill Consideration

Hastings, Neb., Oct. 17.—Charles E. Hughes yesterday told a crowd of farmers here that the Democratic administration had ignored the agricultural interests of the country in urging the enactment of the Adamson law. The nominee in support of his contention cited a telegram from President H. N. Pope of the Texas Farmers' union to President Wilson requesting that the farmers be permitted to submit data in arbitration proceedings between railroads and their brotherhoods.

Mr. Hughes also referred to invisible government. "Let me say this," the nominee said. "Those who are declaiming to the American public invisible government had better remember that when I was in executive responsibility in the state of New York there was no invisible government in that state."

"I want to say in reference to rates that it seems to me that the farmers of the country were very little considered the other day when on the demand of the administration the wages of a group of railroad workers were increased by law in response to force. Somebody has got to pay the increased bills, and the farmers will know very quick who has to pay them."

"The farmers were not represented in this discussion, if you may call it that—in this surrender. I have here a copy of a telegram that was sent to the president by Mr. Pope, the president of the State Farmers' union of Texas, which I shall read to you."

"We ask that you make no concessions or commitments that will in any manner cause an increase in freight rates on products produced or consumed on the farm. The men who pay the freight have an equity in this dispute which neither the railroad trustees nor the railroad managers have authority to represent. If it is your intention to personally dispose of the matter, we ask that you postpone further consideration until a committee of farmers can prepare information and data to present their side of the case. If you conclude to settle by arbitration, then the organized farmers should have representation on any arbitration committee that may be formed to dispose of this question, for the men who pay should have representation as well as the men who receive it. We again urge that all questions involved be settled by arbitration, where all parties and all interests can be heard and the subject dealt with aside from haste and intimidation."

The crowd cheered when Mr. Hughes concluded by reading the telegram.

"No regard was paid to that message," Mr. Hughes said. The business men of the country, through the chamber of commerce of the United States, were at the same time and had for many weeks before been imploring the executive and leaders in Congress for an immediate and prompt inquiry in order that the justice of this matter be known. The farmers were not there, except through the presence of the representatives of the people in Congress and those representatives were asked to abdicate their authority; and the executive, instead of standing for the official and moral power of the American people when a great fundamental principle of our institutions was involved, threw up his hand, gave up the principle of arbitration and went into Congress demanding an increase by law, without inquiry or knowledge of its justice of wages amounting to millions of dollars, suggesting that there would be an increase of freight rates, if necessary to pay the bill.

"I am opposed to that sort of government. It is not government which can have any regard or can be deemed to have any regard for the just interest of communities like this. I am in favor of everything that can reasonably be done for the promotion of agriculture. I am glad to note the work of the agricultural department. It will be continued with me, if I am entrusted with power, to the utmost of efficiency, under my administration."

"But it is idle to talk of interest in the farmer when you have action like this taken in Congress over night, against the protests of the farmers and leveling a

## CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little insides are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given to-day saves a sick child to-morrow.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

## HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear, and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream of this fragrant, antiseptic, healing cream every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty breath.—Adv.

body blow at the interests of our agricultural communities.

"It is also idle to speak of special interest in the farmers when we have the policy of the administration outlined in such a bill as the Underwood bill."

Mr. Hughes again denied the declaration that a vote for him "meant a vote for war." He praised the farmers of this country who have always been patriotic in sentiment.

"We desire to pursue the ideals of peace. We have always stood up for the national dignity of the American citizenship. Are those 'chicks' incompatible? Well, when it is found that they are incompatible the American nation will go straight down to disaster. \* \* \* We desire the friendship of all. We have no aggressive policies. We do not seek to exploit anybody. We do not invite any country to go to war. We ask nothing but our known rights."

## LYNCH AND BURN TWO NEGROES

Kentuckians Kill Man Accused of Attacking Woman; Also One Whose Talk Offended.

Paducah, Ky., Oct. 17.—Two negroes were lynched by a mob here yesterday and their bodies burned. One was charged with attacking Mrs. George Rose, a white woman, at her home in the suburbs last Friday, and the other was accused of voicing approval of his action.

A mob formed at the jail yesterday and demanded possession of the negro charged with the attack. Police reserves were called and city and county officials united in pleading with the mob to disperse, but in vain.

The mob broke into the jail and covered the jailer and his assistants with guns. The keys to the cells were taken from them and Brack Henley, the accused, was marched out of the building.

Then began a march to the house of the woman, two miles away, so that the accused might be identified. The other negro was seized on the street.

The negroes and their captors were followed by a crowd estimated at 6,000 persons, a large part of them in automobiles.

## CARRANZA'S FAMILY IS NOT IN FLIGHT, SAYS LANSING

Secretary of State Declares Family is Merely Going to Saltillo or Queretaro.

Washington, Oct. 17.—The reported flight of the members of Gen. Carranza's family from Mexico City was discredited yesterday by Secretary Lansing, who said the state department had information that the family was going either to Saltillo, their old home, or to Queretaro, the provincial capital and the seat of the national convention set for Oct. 21.

## THANKSGIVING DAY, NOV. 30.

President Won't Depart from Custom in Setting the Date.

Long Branch, Oct. 17.—Thanksgiving day will be on the last Thursday in November as usual. Suggestions have been made that President Wilson designate Nov. 23 as the official date this year. It was learned yesterday, however, that the president would name Nov. 30 in his proclamation soon to be issued.

## PHILIPPINES CONGRESS OPENS.

Harrison Tells Members that Hereafter the Department Heads Will Be Natives.

Manila, Oct. 17.—The Philippines Congress was inaugurated yesterday in the presence of 20,000 persons. Sergio Osmena and Manuel Quezon, former Filipino delegates to the United States Congress, were elected respectively speaker of the House and president of the Senate.

Governor General Harrison read to the members of Congress congratulatory messages from President Wilson and Newton D. Baker, secretary of war. Mr. Harrison then read his own message in Spanish. In it he congratulated islanders and announced that hereafter the department heads would be Filipinos.

In joint session the Congress voted a message of thanks to President Wilson.
